

# Corporate Emergency Response Team

**MEETS OR EXCEEDS CURRENT FEDERAL OSHA AND CAL-OSHA REQUIREMENTS**

**Objective:** Educate and Train individuals with the knowledge and skills necessary to respond safely and effectively to emergencies and disasters in the workplace. Corporate Emergency Response Team members reduce your organization's liability and your losses. In the event of an emergency, your First Responders take charge and provide life-saving first aid, and take action to prevent further injury.

**Key content areas include:**

- **Legal and Ethical Issues**
- **The Emergency Action Steps**
- **Muscle, Bone, & Joint Injuries**
- **First Aid for Emergency/Trauma**
- **Preventing Disease Transmission**
- **CPR for the Professional Rescuer**
- **Emergency Oxygen Administration**
- **BVM-Bag Valve Mask & Pocket Mask**
- **AED-Automated External Defibrillator**
- **START-Simple Triage And Rapid Treatment**

**Course:** CERT – Corporate Emergency Response Team  
**Date:** To Be Determined (TBD)  
**Time:** TBD (18+ hours)  
**Location:** TBD.  
**Cost:** \$225 (All Materials included)  
**Contact:** Frank Estrada (818) 612-4904

Sign-up directly on the website. Space available on a first-come, first-served basis.  
**Note:** Online enrollment closes -

Mitigate your losses in the face of emergencies and disasters. This fully interactive course will engage and challenge your CERT Team to respond in the corporate environment. Value-added benefits include team building and morale boosting exercises which encourage members to respond as a team. The course involves educational material coupled with hands-on training to maximize your experience. Those who successfully meet the requirements will receive a CPR-Pocket Mask, American Red Cross Certification in First Aid (valid for 3 yrs), and certification in CPR for the Professional Rescuer (valid for 1 yr).
